Correspondents will address E. F. Vaughan, Pittsburgh, for the next four weeks, after that date address him at Rochester, N. Y.

E. F. VAUGHAN.

The Grand Gift Concert.

Advertised for July 4th, must necessarily be deferred a few days, to allow ticket agents to correct their reports. The proprietors, Messrs. McDonald, Thomson & Co., regret to say that they have had to return several reports for correction. They must positively have the name, post office address and number of each person's ticket, or they cannot do justice either to the ticket holders themselves or their references. They are residents of Pittsburgh, and will undoubtedly deal justly with all concerned. They are adding some valuable property to their already attractive list of gifts, and will positively have their Concert on July 30th. Full particulars in our next issue.

Water and Gas Fitting.

We take pleasure in calling public attention to the advertisement in another column, of Messrs. Bailiff, Brown & Co. This firm is among the oldest in the business, and have held a leading position among their competitors for many years. Their principal shop is in Allegheny, where they have enjoyed the lion's share of custom. Mr. Bailiff, the senior partner, is a water and gas pipe fitter, distinguished for mechanical skill and industry. Mr. Brown and Mr. Carson, of this firm, are both practical mechanics and give personal oversight to their business. Mr. Watson, whom the patrons always find at the counting room of the firm, is attentive to every caller, obliging and courteous in all business matters.

The growing reputation of this establishment in Pittsburgh, as well as Allegheny, is betokened by the opening of a branch office on Penn street for the convenience of their numerous city customers. Whether for plans for water or gas fixtures to ramify through all the intricacies of public buildings or private, or for every sort of repairs, we can safely recommend our readers to try Bailiff, Brown and Co. See advertisement.

A Thing of Wonder.

The human mind, never since the days of Galaw, has been in quest of scientific truth to enable it to master and hold at bay the fearful ravages of disease. New roots and herbs are discovered with which it is proposed to stay the progress of disease, and to open a new era to afflicted mankind. New chemicals and chemical combinations are alleged to have been discovered which will imbue with an extraordinary force the powers of life and to persuade into healthful play the recusant and languid physical functions. But of all the medicines yet compounded, that which stands to-day above all others and without a rival, is *Dr. Keyser's Blood Searcher*. The most malignant diseases let go their hold on the human system when under its influence.

The man who for years has suffered under a disease which had baffled every doctor and triumphed over every remedy, has been restored to pristine health and vigor by a few bottles of Dr. Keyser's Blood Searcher. The emaciated form, covered with ulcers, and decaying with scrofula, is at length gathering new vigor under a healthy current of blood, blood produced by a restoration of the natural powers of the once enfeebled digestive organs. Of all the medicines yet discovered to restore a healthy and proper consistency to the blood, Dr. Keyser's Blood Searcher stands at the head. For ordinary chronic diseases of weakness or debility, it has no rival. It will allow no rival. Although its combination be simple as the roots and herbs from which it is made, yet its power over disease is marvelous and extraordinary.

Ask for *Dr. Keyser's Blood Searcher*, and take no other. $1.00 per bottle, or six bottles for $5.00, at 140 Wood street.

The Great Acclimating Tonic.

Wherever Hostetter's Bitters, the celebrated American prevention of Climatic Diseases, have been introduced into unhealthy regions, their effects in sustaining the health, vigor, and animal spirits of those whose pursuits subjected them to extraordinary risks from exposure and privation, have been wonderful. In the army the superiority of this article over every other invigorating and alterative medicine has become so manifest where used, that it is relied upon, exclusively, as a protection against Bilious Fever, Fever and Ague, and Bowel complaints of every kind. The soldiers say it is the *only* stimulant which produces and keeps up a healthy habit of body in unwholesome localities. For the unacclimated pioneer and settler it is the most reliable of all safeguards against sickness. Throughout the United States it is considered the most healthful and agreeable of all tonics, and altogether unequaled as a remedy for Dyspepsia. The medicinal ingredients are all vegetable, and are held in solution by the most wholesome stimulant known—the Essence of Rye. "Hostetter's Bitters" are manufactured at Pittsburgh, Pennsylvania, and so less than 50,000 dozen bottles are sold annually by druggists.

Hostetter's Bitters

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 84 Market street, corner of the Diamond and Market, near Fourth street.

Fraud by a New Haven Sharper.

New York, July 3.—The New Haven police have discovered an extensive mercantile frauds in that city. A firm by the name of Pierson's opened a store in New Haven and had large quantities of goods which he bought on credit. He reshipped to New York the goods and sold them. The amount of the fraud is supposed to be over $5,000.

"Head Center" Stephens' Tour Postponed—No New Cholera Cases.

New York, July 3.—The tour of Head Center Stephens through the country has been indefinitely postponed.

No new deaths or admissions of cholera at quarantine. The passengers of the Union have come up to the city.

National Union Club of New York in Favor of a National Convention.

New York, July 2.—The National Union Club of this city favors the call of a National Convention in Philadelphia, and invites persons throughout the State to assemble and send delegates.

FROM EUROPE.

Important Proclamations Issued.

KING OF SAXONY TO HIS SUBJECTS.

Victor Emanuel to the Italians.

IMPERIAL AUSTRIAN MANIFESTO.

Garibaldi's Speech to the Volunteers.

ARMY MOVEMENTS IN CENTRAL EUROPE.

Programme for Laying the Atlantic Cable.

New York, June 3.—The following are the most important proclamations by the respective belligerents, received by mail:

KING OF SAXONY TO HIS SUBJECTS.

Dresden, June 16, 1866.—King John left the capital for the army, at three o'clock, this afternoon, taking with him Baron Von Beust and Herr Von Rabenhorst. Before his departure, His Majesty issued the following proclamation.

To my Faithful Saxons. An unjustifiable attack compels me to take up arms. Saxons, we are treated as enemies because we remained faithful to the rights of a Kindred race; because we held fast to the bond uniting the great German fatherland; because we did not yield to the unfederal demands. However painful may be the sacrifices fate shall impose upon us, let us go into battle courageously for the sacred cause. It is true that we are few in numbers, but God is mighty in the weak who trust in him, and we shall not fail to receive the support of all Germany that has remained true to the confederation.

Although I am for the moment compelled to yield to superior force, and separate from you, I still remain in the midst of my valiant army, with whom I shall continue to feel myself in Saxony, and I hope soon to return to you if Heaven bless our arms. I rely firmly upon your fidelity and affection. As we have held together in happier days, we will now remain united in the hour of peril. Trust you also in me for your prosperity has ever been and remains the object of my efforts. Let our motto be "with God for the right."

[Signed.] JOHN KING WILLIAM.

TO THE PRUSSIAN PEOPLE.

Berlin, June 19.—The manifesto of King William to the Prussian people has been issued to-day, the principal passages of which are as follows: "The hopes that an alliance, based on mutual esteem, and furthering the prosperity and power of Germany, would issue from the Austrian and Prussian Brotherhood in arms, have been deceived. Austria has not considered Prussia as her neutral ally, but as a hostile rival, and has therefore drawn the federal princes into a breach of the confederation. The humiliation of Prussian policy, and the watchword of her enemies, but the spirit of 1815 lives in the Prussian people. Her opponents deceive themselves, if they imagine Prussia can be paralyzed by dissentions at home. Before the enemy these disappear, and all hitherto opposed to one another stand henceforth united in triumphant performance. The manifesto lays stress upon the fact that Prussia, in concert with England, France and Russia, has made a fruitless efforts to effect a peaceful settlement, and proceeds: We are compelled to fight for the existence. We must go forth to battle for life or death against those who wish to humiliate Prussia of the great elector Frederick, and of the war of independence. God give us the faith and strength strong enough to re-unite more firmly and more prosperously those loosened ties of Germany, which they who fear the right and the power of the nation should have torn asunder.

VICTOR EMANUEL TO THE ITALIANS.

Victor Emanuel had issued a stirring manifesto to the Italians. He recapitulates the effect of the last war on Italy, and says that for supreme reasons, the noble province of Venetia was allowed to remain in the hands of the Austrians, and that a favorable opportunity has now arrived to accomplish the independence of Venetia from Austrian rule. He charges the Austrians with having assumed a hostile and threatening attitude on the Italian frontier, to disturb the pacific task of reorganization in Italy. He replied by again taking up arms, but nevertheless showed his desire for peace by accepting the proposal for a conference. Austria having refused, affords fresh proof, if she confides in her strength, that she does not rely equally upon the goodness of her cause and right. Austria has therefore compelled me to place the entire army upon a war footing. We have taken up arms, and now we must and will make the Italian unity. We have secured to Austria and our confederate German States their free internal development and their rightful position in Europe. Our confidence and our hopes are based upon our unity and our strength, but not upon them alone. They are placed in a higher power. The Omnipotent has blessed those my house has always served, and who forever abandons those who firmly rely upon his justice. Him will I beseech for help and victory, and I call upon my people to join with me in my prayer.

Brussels, June 19, 9:50 P. M.—It is reported that a Russian iron-clad fleet will leave Cronstadt to cruise in the Baltic. The fleet will be entrusted to the command of Rear Admiral Liethelhet.

The Pall Mall Gazette gives the following account of army movements in Central Europe. The Prussians have invaded saxony from three quarters simultaneously. First, they have entered from Silesia, on the east, making the frontier town of Gorlitz their base of operations and seized Loban, a town on the road leading to Dresden through Bautzent about high road to Dresden from the capital. From forty-five miles from the capital. From Lauban another road leads south to Zittau on the line of railway between Dresden and Prague. Zittau is only by the Riesen Gebirge. The Prussians have also seized Zittau on the obvious intention of checking Austrians from rushing through those mountains, seizing the great road from Gorblitz to Dresden and thus cutting off the Prussian communications with Silesia.

Secondly, they have invaded from the north ascending the line of the Elbe from their base at Torgan, and have seized Strehla, only thirty-five miles from Dresden, along the Elbe and through Riesa and Meissen. The assertion of the *Monneur* that they had reached Meissen on Saturday was probably premature. The Saxons accordingly tore up the Riesa railway with a view of impeding this descent on Dresden.

Thirdly, they have invaded from Halle and Secenditz on the west, and are now probably in Leipsaig.

MOVEMENTS OF THE GREAT EASTERN.

It has been arranged that the Great Eastern, with the new Atlantic cable and the remains of the old line on board, would put from Shemess on the 30th ult., stopping for a time to coal at Beesharvey. She will reach Valencia about the second week of July, and the shore end of the cable having been connected with the main line, the operations of laying will be commenced. The big ship will first lay the new cable from the Irish coast to Trinity Bay, New Foundland, and presuming this to be successfully done and telegraphic communication established, she will then steam back to the middle of the Atlantic and attempt to pick up the cable lost overboard in July last. The twelve hundred miles of cabe now lying on the bed of the Atlantic are to be connected with the eleven hundred miles left on board, and if all goes well the ship is to retrace her course to Trinity Bay and so complete a double line of union between the two continents.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, July 3, 1866.

SENATE.

Mr. Wilson reported from the Military Committee, the regular army bill recently introduced by him; also the House joint resolution in relation to bounties to colored soldiers.

A joint resolution for the purchase at $5,000 of the law library of the late Jas. M. Pettigrew of South Carolina, was passed.

It was then ordered, that when the Senate adjourn to-day, it be to meet on Thursday next.

The Indian appropriation bill was taken up, the question being on the Senate Finance Committee, and the amendments to attach the Indian Bureau to the war Department. The amendment was disagreed to.

Mr. Doolittle offered in behalf of the Indian Committee, several amendments for additional appropriations, which were agreed to, among them one appropriating $40,000 for the relief of the destitute Indians of the Southern Superintendency.

On motion of Mr. Sumner, the House joint resolution for the appointment of a commission on Retrenchment was referred to the Committee on Commerce.

Mr. Chandler, from the Committee on the bill to prevent smuggling, made a report.

The Senate agreed to allow the House amendments. The report was agreed to, and the bill goes to the President.

Mr. Grimes offered an amendment, that any loyal person or citizen of the United states, of a good, moral character, may trade with any Indian tribe by giving bonds in the penal sum of not less than fifty nor more than one thousand dollars, for the observance of the regulation and laws for the government of the Indian tribes. Agreed to. The bill was then passed. It goes to the House for concurrence in the amendments.

Mr. Wilson, from the Military Committee, reported a joint resolution for the appointment of a commission to audit the account of the State of Massachusetts for her expenses in the coast defences.

The House joint resolution tendering the thanks of Congress to the working men of Lyons, France, for a flag, designed for the late anniversary of Mr. Linbolh's death, was taken up and passed.

Mr. Clark called up the bill on the subject of repairs on the Mississippi levees, which was read and passed over informally.

The Senate then at 0 o'clock went into Executive session, and soon thereafter adjourned, to meet on Thursday.

HOUSE.

The bill explanatory to the Pacific Railroad acts, introduced yesterday and made the special order for to-day, was postponed. Mr. Eliott, from the conference committee on the President's Bureau bill, submitted a report similar to the one submitted to the Senate yesterday. Mr. Finck moved to lay the report on the table, lost—105 to 62. The report was then agfeed to, so the bill is passed by both Houses.

Mr. Raymond offered the following concurrent resolution, which was adopted: That the thanks of Congress be and are hereby tendered to the workingmen of Lyons, France, who have presented a silken flag prepared at their instance by the Weavers' Association to the citizens of Mexico, and to Mrs. Garfield, Lincoln, and intended to be displayed at the ceremonies of Congress on the 15th of February next, and that this flag be deposited with the archives of the Government in the State Department.

Mr. Kerr, from the Committee on Accounts, reported a resolution, which was adopted, requiring accounts for service, &c., to be certified under oath.

The Senate bill to quiet land titles in California was taken up, discussed and amended, when the motion to lay the bill, and all reports thereof, upon the table was disagreed to—yeas 58, nays 64.

The creditors of the Jackson Railroad have originally withdrawn their petition for receivership on the promise of the company to manage most of the road and pay all debts.

Missouri Conservative Convention

St. Louis, July 3.—The Conservative State convention met at the Mercantile Library Hall this morning. A. P. Field was made permanent chairman. A resolution was passed reaffirming the resolutions adopted in Veranda Hall by the Convention some months ago, and a committee appointed to prepare an address to the voters of the State. The convention is well attended. It will send delegates to the Philadelphia Convention. Hon. John B. General Lane, of Kansas, is still alive, but no hopes are entertained of his recovery.

From Omaha, Nebraska.

Omaha, July 3.—The Government commissioners have arrived here. Several additional twenty wagons of goods for the Union Pacific Railroad. One hundred and twenty-five miles are now in running order. Regular passenger coaches will be put on the road and mail commenced running to Columbus on the first of July. At Columbus the daily line of overland stage connects with the railroad.

Ratification of Gen. Hobson's Nomination.

Louisville, July 3.—The nomination of Gen. E. H. Hobson, as the Union candidate for the Kentucky Governorship, was unanimously and enthusiastically ratified by a large meeting in front of the Court House. A patriotic letter from Governor Brantlette was read approving the combination.

Destructive Fire at Bowling Green, Ky

Bowling Green, Ky., July 3.—A fire this morning, originating in negro quarters, destroyed the block of Wilkes & Potter to the amount of three thousand dollars, Henry Potter two thousand. The aggregate is twelve thousand dollars. No insurance.

Reception of State Flags.

Philadelphia, June 3.—Great preparations are making for the celebration to-morrow. The reception of the regimental flags will be a grand affair. An amphitheatre has been erected in Independence Square.

River and Weather at Louisville

Louisville, July 3.—The river is falling slowly with five feet nine inches in the canal. Mercury 86 deg. Weather clear.

CITY AND SUBURBAN.

Criminal Court Proceedings

The following business was transacted in the Criminal Court yesterday, Judges Sterritt, Mellon and Brown being present:

MISDEMEANOR.

The case of George Dillon and George Whitmore, Road Supervisors of Shaler township, indicted for misdemeanor, which was taken up on last Friday afternoon, was resumed yesterday morning. The defendants were charged with neglecting to keep a bridge on a public road in proper repair.

LARCENY OF CHEESE.

Thos. McDonnell was arraigned on an indictment for the larceny of a box of cheese from the freight platform of the Pittsburgh, Fort Wayne & Chicago Railway Company's Depot, watchman at the depot was called, and testified that late one night he heard some noise on the platform, and on going to see what it was he saw Dean and another man with a large package, and that as he approached the defendant dropped the sack, and started off, that he arrested him and found him over into the custody of a city watchman, by whom he was taken to the Mayor's office. Witness also testified that the sack contained a cheese box, and that it weighed about twenty-five pounds, but could not positively say that it contained cheese. The jury found a verdict of guilty, and the prisoner was remanded.

Several other cases were disposed of, but none of sufficient importance to report.

Charged with Abandonment

Our readers will remember a notice that appeared in our columns of a wedding that took place at Alderman Donaldson's some time since, in which a certain John B. Schreader was married against his earnest protest to a young lady named Jane Smith. The performing of the nuptial ceremony, it is said, has not reconciled all previous difficulties, seems to have had a contrary effect, as according to the testimony of John, they have lived in "hot water" up to the time he quitted his domicil on oil some three weeks since. Not tired of the society of her connubial partner yet, the deserted wife yesterday made an information before Alderman Donaldson, charging John B. He was arrested, and in default of bail, was committed to jail for trial.

Judgment Opened.—In the United States District Court yesterday, T. M. Marshall, Esq., made a motion that the judgment in the case of the United States vs. John Cummings, be opened. Cummings was formerly postmaster at New Washington, Clearfield county, and in 1864 an action was brought against him for failure to settle the accounts with the proper officers. In August, 1864, judgment was entered in default of plea. The affiant alleges that the Government instead of being creditor is actually his debtor, and the object in having the judgment opened was to enable him to make a proper settlement. The order was granted.

Fireworks.—Without fireworks in abundance Independence Day would be a failure. In order to accommodate his patrons, John W. Pittock, opposite the Postoffice, has consented to keep his doors open this morning for the sale of one of the largest and best assortment of fireworks ever brought to Pittsburgh. As he has received a double consignment his stock must be disposed of at prices of old times. For firecrackers, Pacific, roman candles, lights, lanterns, &c., &c., give Pittock a call.

LATEST FROM WASHINGTON.

General Magruder Wants to Return from Mexico—No Money in the Coffers of the Imperial Government—The Freedmen's Bureau Bill—Address by the Democratic Congressman Favoring a National Convention.

Washington, July 3.—A letter has been received here from the rebel General Magruder, now in Mexico, who writes a friend asking him to intercede with our government that he may not be arrested. I want permission, he says, to return to the United States. The Imperial government has gone to destruction and has no money, and we have to get away from here. Many have already left. Prince and myself and some others are still here, but we are compelled to look out for some other place to go to. There is no hope for anything now here.

Mr. S. C. Akely was to-day confirmed as Collector of Customs for the district of Monigah.

The Freedmen's Bureau bill having finally passed both houses of Congress, will at once be presented to the President for his action. It extends the operations of the Bureau for two years from this time, and the supervision is to cover all loyal refugees and freedmen, so far as the same shall be necessary, to enable them, as speedily as practicable, to become self-supporting citizens, and to aid them in making the freedom conferred by the proclamation of the Commander-in-Chief by the emancipation, the laws of the States, and by the constitutional amendment, available to them and beneficial to the republic.

A brief address has been prepared by the Democratic members of Congress, dated July 4th, cordially approving the call for a national Union to be held at Philadelphia in August next, and endorsing the principles therein set forth.

FROM SAN FRANCISCO.

The Pacific Railroad Completed to Dutch Flat—Negroes Excluded from Participating in the Celebration of To-Day, &c.

San Francisco, July 3.—The Central Pacific Railroad is completed to Dutch Flat, sixty-seven miles beyond Sacramento, at an elevation of 3,416 feet.

Negroes are excluded from participating in the celebration of the coming Fourth.

Mining shares are active at better prices. Ophir, 225; Yellow Jacket, 745; Legal Tenders, 70's.

Stringent Order for the Government of the Freedmen—Seizure of a Schooner—Freedmen to Celebrate Independence Day.

Augusta, Ga., July 3.—The commandant of South Carolina has issued stringent orders in consequence of the increase of theft, vagrancy and drunkenness among the freedmen, that the civil officers who neglect their duty shall be arrested and made to work on the public roads, and that those convicted of non-capital crimes will be imprisoned and compelled to work in convicts on the islands from sunrise to sun-set.

The Collector of Charleston has seized the schooner Aid from Matamoras, for smuggling cargo invoiced at ten thousand dollars in gold.

The freedmen of Charleston and Augusta have made extensive preparations to celebrate the Fourth of July.

Fire in Brooklyn, N. Y.—Fireman Killed—Valuable Horses Burnt.

New York, July 3.—The stables of C. Jackson, in Atlantic Avenue, Brooklyn, were destroyed by fire last night. Edward Clock, a member of Engine Company No. 9, was run over and killed. There was a large number of valuable horses in the stables. Some perished, among them the Hamiltonian stallion Mystery, valued at $5,000, Red Jacket, valued at $1,000, Sunshine, valued at $1,000, and Dan, valued at $1,000. The other horses were valued in the aggregate at $5,000. The coaches and carriages destroyed are valued at $4,000. The loss on the buildings is $5,000. A colored man named Richardson is under arrest on suspicion of setting the fire.

Steamers in Distress—Burning of a Schooner.

New Orleans, July 3.—The steamers Mamie and Foote, nine days from Brazos, arrived in distress at Brashear City, the former a wreck and the latter out of coal.

General Mejia, officers and staffs, with a portion of their commands, were at Brownsville, en route for Vera Cruz. Matamoras remained quiet.

The steamer Eagenia, with four hundred bales of cotton, was burned in lower Mobile Bay on the 30th. No lives were lost.

New Orleans Market—Jackson Railroad.

New Orleans, July 3.—Cotton—sales 700 bales; Low Middling 32@32c. The market is firmer. Bank Sterling 8's. Bank Checks ½ premium. The receipts of Cotton to-day were 1,000 bales. Coffee—The year's imports were 16,000 bags.

The creditors of the Jackson Railroad have originally withdrawn their petition for receivership on the promise of the company to manage most of the road and pay all debts.

Missouri Conservative Convention

St. Louis, July 3.—The Conservative State convention met at the Mercantile Library Hall this morning. A. P. Field was made permanent chairman. A resolution was passed reaffirming the resolutions adopted in Veranda Hall by the Convention some months ago, and a committee appointed to prepare an address to the voters of the State. The convention is well attended. It will send delegates to the Philadelphia Convention. Hon. John B. General Lane, of Kansas, is still alive, but no hopes are entertained of his recovery.

From Omaha, Nebraska.

Omaha, July 3.—The Government commissioners have arrived here. Several additional twenty wagons of goods for the Union Pacific Railroad. One hundred and twenty-five miles are now in running order. Regular passenger coaches will be put on the road and mail commenced running to Columbus on the first of July. At Columbus the daily line of overland stage connects with the railroad.

Ratification of Gen. Hobson's Nomination.

Louisville, July 3.—The nomination of Gen. E. H. Hobson, as the Union candidate for the Kentucky Governorship, was unanimously and enthusiastically ratified by a large meeting in front of the Court House. A patriotic letter from Governor Brantlette was read approving the combination.

Destructive Fire at Bowling Green, Ky

Bowling Green, Ky., July 3.—A fire this morning, originating in negro quarters, destroyed the block of Wilkes & Potter to the amount of three thousand dollars, Henry Potter two thousand. The aggregate is twelve thousand dollars. No insurance.

Reception of State Flags.

Philadelphia, June 3.—Great preparations are making for the celebration to-morrow. The reception of the regimental flags will be a grand affair. An amphitheatre has been erected in Independence Square.

River and Weather at Louisville

Louisville, July 3.—The river is falling slowly with five feet nine inches in the canal. Mercury 86 deg. Weather clear.

CITY AND SUBURBAN.

Criminal Court Proceedings

The following business was transacted in the Criminal Court yesterday, Judges Sterritt, Mellon and Brown being present:

MISDEMEANOR.

The case of George Dillon and George Whitmore, Road Supervisors of Shaler township, indicted for misdemeanor, which was taken up on last Friday afternoon, was resumed yesterday morning. The defendants were charged with neglecting to keep a bridge on a public road in proper repair.

LARCENY OF CHEESE.

Thos. McDonnell was arraigned on an indictment for the larceny of a box of cheese from the freight platform of the Pittsburgh, Fort Wayne & Chicago Railway Company's Depot, watchman at the depot was called, and testified that late one night he heard some noise on the platform, and on going to see what it was he saw Dean and another man with a large package, and that as he approached the defendant dropped the sack, and started off, that he arrested him and handed him over into the custody of a city watchman, by whom he was taken to the Mayor's office. Witness also testified that the sack contained a cheese box, and that it weighed about twenty-five pounds, but could not positively say that it contained cheese. The jury found a verdict of guilty, and the prisoner was remanded.

Several other cases were disposed of, but none of sufficient importance to report.

Charged with Abandonment

Our readers will remember a notice that appeared in our columns of a wedding that took place at Alderman Donaldson's some time since, in which a certain John B. Schreader was married against his earnest protest to a young lady named Jane Smith. The performing of the nuptial ceremony, it is said, has not reconciled all previous difficulties, seems to have had a contrary effect, as according to the testimony of John, they have lived in "hot water" up to the time he quitted his domicil on oil some three weeks since. Not tired of the society of her connubial partner yet, the deserted wife yesterday made an information before Alderman Donaldson, charging John B. He was arrested, and in default of bail, was committed to jail for trial.

Judgment Opened.—In the United States District Court yesterday, T. M. Marshall, Esq., made a motion that the judgment in the case of the United States vs. John Cummings, be opened. Cummings was formerly postmaster at New Washington, Clearfield county, and in 1864 an action was brought against him for failure to settle the accounts with the proper officers. In August, 1864, judgment was entered in default of plea. The affiant alleges that the Government instead of being creditor is actually his debtor, and the object in having the judgment opened was to enable him to make a proper settlement. The order was granted.

Firemans' Association.

A special meeting of the Firemans' Association was held last night at their rooms in City Building. There were present Messrs. Kincaid, Ross, Montgomery, Sims, Donaldson, Barke, Cupples, Irwin, Neeper, Swint, Little, Nobbs and Ford.

In the absence of the President, Mr. Montgomery was called to the chair.

The minutes of the previous meeting were read and approved.

President Steel stated that this was a meeting intended to transact unfinished business referred from the Select branch. It was intended that this should have been a joint meeting for the purpose of electing a Salt Inspector, but owing to the absence of President McAuley, the matter was deferred.

The report of the viewers of the Pennsylvania avenue sewer reported from Select Council, was taken up.

Mr. Moreland stated that one-sixth of the cost of the construction of the sewer was placed upon the Pennsylvania railroad, which he did not think was a fair estimate, since that corporation owns but five or six lots in that neighborhood.

A remonstrance against the report of the commissioners, by numerous property holders of that thoroughfare, was read and the prayer of the petitioners for a special committee was not granted, but action of Select Council concurred in.

Mr. Moreland read an ordinance authorizing the Fort Pitt Coal Company to lay out a switch of one hundred and thirty feet for their coal yard, on the south side of Try street.

Mr. Brush objected to the passage of the ordinance, since the Mayor and Street Committee had the matter in charge.

Mr. Ford stated that the Mayor and Street Committee had thrown out the matter, having determined that they had no authority to lay down such a turnout. Before any authority had been granted that company they had laid down switches for which a suit had been entered, and the Street Commissioner was ordered to tear up the track, the destruction of which was commenced, but held in abeyance awaiting the action of the Street Committee. It seems that the Pennsylvania railroad had engineered the present turn-out, designating just where, and how much space was to be occupied by the company.

Mr. Moreland endeavored to explain the course of the Pennsylvania railroadin giving designated points for the laying of these lateral tracks. That corporation has no interest whatever—not a single farthing—but it is for the benefit of the property owners that the site was chosen.

Mr. Killen said that the railroads occupied all of Try street, and the Pennsylvania road not only monopolizes the streets, but grants the same privilege to others.

Mr. Ford stated that there was a petition now being prepared to Councils, asking for a junction or connection of the Pittsburgh and Steubenville and Pittsburgh and Connellsville railroads. If such turn out is permitted it may cut off this project.

Mr. Lowe stated that there was plenty of room to lay such a track as would not interfere with the passage of the cars, and that the turnout must occupy more ground than necessary.

Mr. Moreland argued the right of the railroad to Try street, and he gave it as his opinion that the railroad company had a right to lay upon that thoroughfare branches, sidings and turnouts, without asking permission of City Councils.

Mr. Killen stated that the Supreme Court only gave the railroad the privilege of using the street, but did not grant the entire possession of it.

Mr. Robb moved that the matter be postponed.

President Steel stated that it was very unfortunate that the Fort Pitt Company should suffer by the delay of the city.

Mr. Moreland explained that the facts did not bear out the assertion, that the company was losing. It is an injustice to grant them so much as one hundred and thirty feet of the street, when they only require a switch, and hence would fully answer the purpose.

Mr. Robb's motion was passed.

Mr. Weidon presented a petition for the laying of a water pipe on Sandusky street, from Reed Road and referred to the Water committee.

Mr. Ogden gave notice of his intention of introducing, at a subsequent meeting of Councils, a resolution requiring that all buildings have tehieved immediately, at the owners expense, all dangerous buildings and walls. He stated at length the reasons for such a resolution, and censured the Mayor and Recorder for neglegence in not instituting legal proceedings against such owners.

Mr. Reed read a petition from W. O. Hazlett, President of the Pittsburgh and Connellsville Railroad, asking permission to lay a track from the property of that road on Try street, crossing Second street, and making connection with the Pittsburgh, Fort Wayne & Chicago Railroad. Referred to Street Committee.

On motion Council adjourned.

The Fourth, and How it May be Spent

It is needless to announce to this patriotic community that this is the nineteenth anniversary of our country's natal day—the day when long American cross rampant with love of liberty, and the souls and daughters of Columbia, were free.

In the height of such of our readers as have not yet completed in what way to celebrate the day, we have compiled a list of the places of amusement that will open to their patronage, and we trust that the managers of the theatres, where those wish to spend the day and the limits of the limiting town, may do so.

At the Opera House the celebrated Hanlon Brothers will give two grand performances, day and evening. In their peculiar line they are unequaled. The patriotic and laughable pantomime, entitled "Humpty Dumpty," and the beautiful panto-drama entitled "Harlequin Red Riding Hood and the Wolf and the Seven Kids," will form the feature of attraction for the evening.

The many friends of Uncle Tom's Cabin, will be pleased to learn that Mr. Marble, the leading character, will be given both afternoon and evening at the Academy of Music on Liberty street.

At the Varieties, Crews will be found on the Red Lion Lot, and Dan Rice's mammoth show in the Diamond Square, Allegheny City, will open its doors at two o'clock P. M. The Pittsburgh and Connellsville Railroad Company will have a grand picnic at Mckee's Rocks, the General Grant at Coulter's Station, and the Birmingham Circle of Temperance will have a picnic on the Pittsburgh and Connellsville Railroad. The Duquesne boys hold forth at Glenwood grove. If such a list before them who can complain of a dearth in amusements.

Firemans' Association.

A special meeting of the Firemans' Association was held last night at their rooms in City Building. There were present Messrs. Kincaid, Ross, Montgomery, Sims, Donaldson, Barke, Cupples, Irwin, Neeper, Swint, Little, Nobbs and Ford.

In the absence of the President, Mr. Montgomery was called to the chair.

The minutes of the previous meeting were read and approved.

President Steel stated that this was a meeting intended to transact unfinished business referred from the Select branch. It was intended that this should have been a joint meeting for the purpose of electing a Salt Inspector, but owing to the absence of President McAuley, the matter was deferred.

The report of the viewers of the Pennsylvania avenue sewer reported from Select Council, was taken up.

Mr. Moreland stated that one-sixth of the cost of the construction of the sewer was placed upon the Pennsylvania railroad, which he did not think was a fair estimate, since that corporation owns but five or six lots in that neighborhood.

A remonstrance against the report of the commissioners, by numerous property holders of that thoroughfare, was read and the prayer of the petitioners for a special committee was not granted, but action of Select Council concurred in.

Mr. Moreland read an ordinance authorizing the Fort Pitt Coal Company to lay out a switch of one hundred and thirty feet for their coal yard, on the south side of Try street.

Mr. Brush objected to the passage of the ordinance, since the Mayor and Street Committee had the matter in charge.

Mr. Ford stated that the Mayor and Street Committee had thrown out the matter, having determined that they had no authority to lay down such a turnout. Before any authority had been granted that company they had laid down switches for which a suit had been entered, and the Street Commissioner was ordered to tear up the track, the destruction of which was commenced, but held in abeyance awaiting the action of the Street Committee. It seems that the Pennsylvania railroad had engineered the present turn-out, designating just where, and how much space was to be occupied by the company.

Mr. Moreland endeavored to explain the course of the Pennsylvania railroadin giving designated points for the laying of these lateral tracks. That corporation has no interest whatever—not a single farthing—but it is for the benefit of the property owners that the site was chosen.

Mr. Killen said that the railroads occupied all of Try street, and the Pennsylvania road not only monopolizes the streets, but grants the same privilege to others.

Mr. Ford stated that there was a petition now being prepared to Councils, asking for a junction or connection of the Pittsburgh and Steubenville and Pittsburgh and Connellsville railroads. If such turn out is permitted it may cut off this project.

Mr. Lowe stated that there was plenty of room to lay such a track as would not interfere with the passage of the cars, and that the turnout must occupy more ground than necessary.

Mr. Moreland argued the right of the railroad to Try street, and he gave it as his opinion that the railroad company had a right to lay upon that thoroughfare branches, sidings and turnouts, without asking permission of City Councils.

Mr. Killen stated that the Supreme Court only gave the railroad the privilege of using the street, but did not grant the entire possession of it.

Mr. Robb moved that the matter be postponed.

President Steel stated that it was very unfortunate that the Fort Pitt Company should suffer by the delay of the city.

Mr. Moreland explained that the facts did not bear out the assertion, that the company was losing. It is an injustice to grant them so much as one hundred and thirty feet of the street, when they only require a switch, and hence would fully answer the purpose.

Mr. Robb's motion was passed.

THE UNITED STATES SENATORSHIP.

Our political friends, in the Eastern portion of the State have already presented half a dozen candidates for the Senatorship which Mr. Cowan will vacate on the fourth of next March, and are engaged in an earnest struggle to see which of them shall attain the prize. It is our fortune to know personally, and to have a high regard for, each of the gentlemen so named. We have, therefore, no inclination to detract from the merits of any one of them. But we respectfully submit that the East is not entitled to the Senator. For a period of more than forty years that section of the Commonwealth has never been allowed to have both the Senators. The rule has been to concede one of them either to the West or North. Except in two instances the West has been preferred. That the facts upon which this statement rest may appear, we give a collocation of the respective Senatorial delegations and their residences, since 1825, to wit:

Wm. Marks, Allegheny.
J. D. Barnard, Chester.
Wm. Wilkins, Allegheny.
Geo. M. Dallas, Philadelphia.
Samuel McKean, Bradford
James Buchanan, Lancaster.
James Buchanan, Lancaster.
David Sturgeon, Fayette.
David Sturgeon, Fayette.
Simon Cameron, Dauphin
David Sturgeon, Fayette.
James Cooper, Adams.
James Cooper, Adams.
Richard Brodhead, Northampton.
Richard Brodhead Northampton.
Wm. Bigler, Clearfield.
Wm. Bigler, Clearfield.
Simon Cameron Dauphin.
David Wilmot, Bradford.
Edgar Cowan Westmoreland.
Edgar Cowan, Westmoreland.
C. R. Buckalew, Columbia.

If during the joint service of Cooper and Brodhead the East had both Senators during the joint term of Wilmot and Cowan the North and West had both, and so the discrepancy was adjusted.

Results so uniform cannot be attributed to accident. They must be taken as the deliberate expression of the judgment of the people, in respect to a distribution of political power, at once equitable and wise.

Nor is this aspect of the case in contradiction to the other aspects. The West and North have vast interests, quite surpassing those of some entire States, and in parts so new or peculiar as to present special claims to such representation as can only come of having one of the Senators identified by locality with them.

In the eastern section of the Commonwealth political parties stand on a balance. The democratic counties furnish an equipoise to the republican ones. Whatever majority the republicans obtain in the State is always found in the west and north, and this majority is substantial and unfailing. Considering the summer solstice is upon us, it is decidedly cool to ask the west and north to furnish the votes requisite to maintain the republican ascendancy, and at the same time to relinquish the share of representations in the federal Senate to which they are fairly entitled.

If the East presented men of larger natural endowments, of riper experience, and of higher personal character, than the men to whom the West and North instinctively turn as their leading spirits, a difference would be created worthy of special consideration. But such is not the fact. On the whole, the Eastern men spoken of are not a fair match for those quietly named in the West and North. We do not say this in a factious temper, or from a desire to disparage any individual or cluster of individuals; but because it seems necessary to a full presentation of the subject matter.

Here are four unanswerable reasons which ought to control the decision of this case. If the North and West are true to themselves, they will control; for these two sections must and will furnish a majority of the Republican members of the next Legislature. The West or North are entitled to the Senator, and will obtain him, unless some of the Republican Representatives from these sections shall be directed by duty. That is a matter for the constituencies to see to.

PROTECTION PAPER MONEY.

Some weeks ago we gathered, in pretty strong terms, to the intimation of certain manufacturers who were clamorous in demanding additional Protection to their respective industries by an increase of imposts duties, and who were, at the same time, strenuously opposing such a contraction of the volume of Paper Money as would lead to an early resumption of Specie Payments. The manufacturers in common with their fellow-citizens engaged in other departments of production, are, we are glad to know, likely to obtain an increase of assessments on foreign goods, wares and merchandize. But this increase will afford them less relief, than any measures which would have reduced the price of gold to the par value. Meantime gold has gone up to such a degree as nearly to neutralize the advantages which would otherwise have been derived from the contemplated readjustment of the Tariff. The tendency, notwithstanding the prevailing fluctuations, is to a still higher premium on gold Hence, a continued uncertainty, prejudicial to calculations for future business operations. In trying to avoid the temporary uncertainty consequent upon working down to a specie basis, the producers are now exposed to a lengthened period of uncertainty from the necessity of working down from a higher point, and against obstacles which must protract the process. What was of comparatively easy accomplishment six months ago, has been pushed off into the indefinite future. The inflationists have gotten the upper hand, and are resolved to press to the uttermost all the chances they possess.

GENERAL NEWS.

—Three hundred young men are expected to leave New York soon to join the Italian army.

—Gustave Dore will consent to illustrate Shakspeare for £20,000, and is likely to receive that enormous sum.

—"Brick" Pomeroy begins one of his editorials with the self-evident truth: "What a liar I am! God knows it—I know it—the world knows it."

—They have a marvellous Mayor in Brooklyn, N. Y.; who, having his salary increased from $3,000 to $5,000 by the Common Council, has vetoed the ordinance. He is a Republican, of course.

—It is asserted that Prince Napoleon has, with the French Emperor's consent, placed his sword at his father-in-law's disposal. Victor Emmanuel has accepted the offer eagerly, and attached the Prince to his own staff, where he is sure to see plenty of active service.

—In the portrait of General Grant upon Leutze's easel, the General holds upon his knee a scrap of paper, upon which he has just pencilled the famous telegraphic dispatch: "I mean to fight it out upon this line if it takes all summer." A fine engraving will probably follow.

—The six free baths established by the city authorities of Boston are patronized by about ten thousand persons daily—men, women and children. They are all well arranged, and have from thirteen to thirty-five dressing-rooms. The water flows continually through openings at the sides, making it always clean and cool.

—Horace Greeley recently wrote a letter to a Fenian meeting in New York, in which he said: "I have faith that the time is not far distant when Ireland shall belong to, and be governed by the Irish, and that they will be, as they surely ought to be, earnestly devoted to the liberty of all men, all nations, all races, here and everywhere."

—The Express Company started at the South since the war, have had a meeting of their board of directors to take into consideration steps to raise money to keep up the Company. It appears that seventy per cent. of the stockholders have quit paying up. Although one and a half millions have been called in, only four hundred thousand dollars have been paid. It was finally agreed that all shareholders who would not pay up twenty dollars per share, at once, should forfeit all they had paid unto those who have paid the thirty per cent.

The Farewell Speech of Jeff. Davis in the Senate.

As the opinions recently expressed by Jefferson Davis at Fortress Monroe have been extensively circulated through the publication of Dr. Craven's book, we give below an extract from his farewell speech in the United States Senate, delivered on the 10th of January, 1861, to show how infinite are the judgments of this Southern oracle upon great public questions:

If you will not have it thus; if in the pride of power, if in contempt of reason and reliance upon force, you say we shall not go, but shall remain as subjects to you, then, gentlemen of the North, a war is to be inaugurated, the like of which men have not seen. Sufficiently numerous on both sides, in close contact with only imaginary lines of division, and with many means of approach, each sustained by productive sections, the people of which will give freely both of money and of store, the conflicts must be multiplied indefinitely, and masses of men, sacrificed to the demon of civil war, will furnish hecatombs, such as the recent war in Italy did not offer. At the end of all this what will you have effected? Destruction upon both sides; *subjection upon neither; a treaty of peace*, leaving both torn and bleeding; the wail of the widow and the cry of the orphan substituted for those peaceful notes of domestic happiness that now prevail throughout the land; and then *you will agree that each is to pursue his separate course as best he may. This is to be the end of war.* Through a long series of years you may waste your strength, distress your people, and get at last to the position which you might have had at first, had justice and reason, instead of selfishness and passion, lolly and crime dictated your course.

Looking up and Looking Down.

A correspondent of the Chicago *Tribune*, writing from Georgia, relates the following:

"I was standing in the street of my hotel one morning, and saw a dozen or more diminutive Africans with slates and books, walking toward the school house, when a well dressed man who was standing near me, turned and said:

"'Well, said he, 'I suppose we must stand for a while yet, but for how long, I don't know. There's that little nigger,' and he pointed to a boy about nine years old and black as if he had just emerged from the jungles of the Gold Coast—'he is one of mine, or was till the Yankees stole him; he lives at my house now, because I have to hire his mother; he's just as odd as my boy, and the Yankee school marms have been training him till he reads better than my boy does. That is a nice pass for things to come to; in a little while these nigers, after they've learned to read, will be turning up their noses at every white man that can't.

"I told him things were working strangely. "'I tell you what it is,' he continued, 'if this thing ain't stopped we will have to establish ragged schools for every white child, or the niggers will get the upper hand; and that will tax us to death, and besides that, it will establish that sort of mob democracy which prevails in the North, where such a thing as a gentleman is not known, and if we were to go there, they would tar and feather him, but—let's go and take a drink,' stranger,' said he, changing the subject very suddenly.

"'We'd a better not gone to war,' he observed very sensibly added; 'we could have ruled the Democratic party all the time,' he continued, with equal truth, 'and then we could have either controlled the Government, or so far crippled the Abolitionists that they could have done us but very little harm; only run away our niggers—a few hundred a year at most, while now they can get all of them—another punch, barkeeper. When we get fairly back into Congress, we will just confirm them old laws against allowing negroes to learn to read, and that will put the matter right; if we can't get our negroes back, we can keep them under."

WANT SUPPLIED.—London Ale, BOTTLED ALE—LONDON PORTER, BROWN STOUT.—To get genuine Imported LONDON ALE, PORTER or BROWN STOUT has been almost an impossibility in this city, notwithstanding the fact that there are few tonics more suitable for weakly persons and invalids. The want has at length been supplied. A large assortment of the finest brands, comprising Barclay & Perkins' LONDON STOUT, Bass & Co.'s INDIA PALE ALE, Campbell's SCOTCH ALE, etc., just received at FETTMAN'S DRUG STORE, No. 81 Market street, and is sold by the case or single bottle, at the lowest rates. Also, a most complete stock of the finest LIQUORS for medicinal purposes. jy2:MTW

TO FARMERS. HAY RAKES.
WELCOME PATENTEE, 1866. It is the best HAY RAKE made. It is self operating, performing its work in light as well as in the heaviest hay over rough or smooth ground. The teeth are steel and warranted to be well tempered and not to break with fair usage. It is very simple in its construction. It is drawn by a single span of horses and will work as the horse raises and depresses the teeth at the will of the operator. For sale, wholesale and retail, at the works in Columbiana, Ohio, or at 319 Liberty street, Pittsburgh, Pa., by
W. W. WALLACE.

OFFICE OF GLASGOW OIL COMPANY,

IMPORTANT TO INVALIDS!

THE ATTENTION OF

Persons Afflicted with

ANY FORM OF CHRONIC DISEASE,

IS INVITED TO

The Only Right and Curative

SYSTEM OF TREATMENT.

AS PRESCRIBED BY

DR. J. W. SYKES,

Special Practitioner for Pulmonary and Other Chronic Diseases, at

191 PENN STREET,

PITTSBURGH, PA.

Fourteen years constant (and exclusive) attention to the above maladies, together with a practice embracing more cases annually than most physicians see in a lifetime, has enabled Dr. SYKES to perfect a mode of treatment which, under Providence, has proved the means of restoring hundreds of invalids to health whose cases had previously been deemed hopeless.

Dr. SYKES wishes to state distinctly at the outset, that his success is not due to the use of any single remedy of transcendent efficacy, but results from the employment of a SYSTEM OF TREATMENT, embracing a large number of the most efficient remedial resources, *out of which each case is united according to its particular requirements.*

Consumption.

This disease is eminently curable, but fills thousands of graves annually, because its victims waste their time of curability in trying partial and insufficient treatment.

In order to *cure* Consumption, it is absolutely necessary to employ a *combination* of remedial measures, for no *single* remedy or remedial measures can effect *all* the changes which must and do take place in the curative process. Thus the breathing tube and shoulder braces are needed to expand the lungs—to increase their respiratory surfaces, and thereby increase the oxygen of the blood, and the general strength. In affecting this, they also remove, in a great measure, the inflamation and consequent thickening of the walls of the air cells, which condition precedes the deposit of the tubercle; and since the tubercle is deposited directly from the impure blood, it is necessary to make use of cleansing medicines, a pure diet, daily bathing, proper exercise, and every practicable measure for purifying the blood. These remedies and measures tend to greatly increase the strength. But it is also requisite, in many cases, to add to these the use of special tonics and stimulants to invigorate the system, so that the ulcers in the lungs may heal. To quiet the cough, and increase or diminish the expectoration as may be needed, cough medicines an i inhalants must be used; to relieve pain and further reduce the internal irritation, soothing inhalations, external anodynes and mild counter irritants are of great use. Most of the above requirements exist in every case of true consumption, and while the medical agents may be judiciously harmonized and combined to suit the patient's need take but few medicines, it is absurd to suppose that any single remedy can supply the place of both these and hygienic measures. But in many cases still other requirements exist: there may be exhausting chills, night sweats, fever, etc., requiring suitable specifics. There is often, also, dyspepsia, or costiveness, or some form of skin diseases, or female complaints, which must be cured, or the lung difficulty cannot be removed.

Hence it will be seen that no single remedy can possibly fulfil so many and such varied demands; neither any *partial treatment*, as the use of Medicated Inhalations, Electricity, Water Cure, Movement Cure, &c., fulfil all these requirements.

☞Dr. Sykes would also earnestly caution invalids who have coughed during the winter and spring, that their safety depending upon the return of warm weather for a restoration of health.

In most cases it merely retards the progress of the disease, and yet permits it to gain so much that the patient rarely survives the rigors of a second winter.

Hundreds thus die every winter, who might have recovered, had the varying influence of the preceding summer been added to a curative mode of treatment.

Spasmodic Asthma, or Phthisic.

This is the most distressing, and yet the most tractable of all forms of Pulmonary Disease. Cases of thirty years' standing have been entirely and permanently cured by from two to four months of Dr. Sykes' treatment.

Bronchitis, Laryngitis, Catarrh, in the Nasal Passages and Throat,

Are promptly and permanently cured by Dr. Sykes' method of treatment. His success in treating these is also due to a judicious *combination* of local and general treatment, comprising inhalations, washes thrown into the posterior nasal cavities by means of a peculiarly formed syringe, &c., &c., together with general treatment to remove the morbid condition of the blood on which the disease depends.

Dyspepsia Costiveness, Liver Complaints, Heart Disease, Chronic Diseases of the Kidneys, Piles, &c.

The above ailments are so frequently the cause of Consumption, or complicated with it that they have engaged a large share of Dr. Sykes' attention; and—with the exception of some forms of Organic Heart Disease, in their nature necessarily beyond the reach of remedies—they are all perfectly curable.

Several different diseases of the stomach are commonly included under the term of Dyspepsia, an error which involves erroneous and often injurious treatment, and in thousands of cases prolongs for years the most dreadful sufferings, which, treated properly, can be *cured* in a few weeks or months. Treatment beneficial for simple Dyspepsia is very injurious for Chronic Inflammation of the stomach; and yet their symptoms are so nearly alike, that it requires a very large experience to enable the physician to discriminate accurately between them.

Scrofula and Skin Diseases.

Scrofula and Skin Diseases are very frequently the causes of Lung Disease. Indeed Consumption is simply a development of Scrofula in the lungs, while the various forms of Tetter, Eczema Psoriasis, &c., often recede from the outer skin, and may cause Consumption, Asthma, Bronchitis, or disease of the digestive organs, according to the part they may become seated upon internally.

Dr. Sykes has had the pleasure of witnessing the recovery, under his treatment, of scores of formidable cases, both of Scrofula and other blood diseases—cases which had been deemed past relief by both physician and friends of the patients.

Female Complaints.

By the use of his universal mechanical remedies, together with proper general strengthening measures, Dr. Sykes has met with a degree of success in treating these cases, far beyond that attained by other means.

How to Obtain Dr. Sykes' Treatment.

Patients who can travel should visit Dr Sykes at his office, (191 Penn street, Pittsburgh, Pa.,) where he will carefully examine their cases, inform them of probable cure, and expense of treatment, &c., and can then furnish the needed apparatus and remedies for a course of treatment lasting two or three months. With those will be written and printed instructions for the general conduct of the treatment, the patient then returns to his home, and is then required to report his condition, by letter, at least once in two weeks. These letters show what changes occur, and enable Dr. S to superintend each case as well as he could do by personal interviews. It is rarely necessary for patients to remain with Dr. S. more than one day, or to visit him a second time.

Expense of Treatment.

As Dr. Sykes' specialty is limited mainly to a well-defined standing class of cases, requiring protracted treatment, he does not prescribe for a shorter term than two or three months, for which, including all the necessary apparatus and remedies, the charge ranges from $30 to $50, according to the nature and requirements of the case. In cases requiring a second course of treatment, as the instruments are already supplied, the charge is from $5 to $10 per month.

Dr. Sykes will cheerfully treat persons in indigent circumstances at greatly reduced rates. But he finds it necessary to require such applicants to send a statement, from their pastor or some responsible person, certifying to their limited means. ☞ Consultation always free.

Payment is required when the apparatus and remedies are furnished.

Treatment by Letter.

A personal interview is not always essential, as in very many cases the nature of the disease can be *fully* shown by a written statement, and Dr. Sykes is constantly prescribing by letter with the most gratifying success. Persons desiring to consult him by letter, can send a postage stamp, and receive by return mail a list of questions which will enable them to state their cases fully and clearly.

Results of Dr. Sykes' System of Treatment.

CASES OF CONSUMPTION.—DR. J. W. SYKES—Dear Sir:—I write this to express my sense of obligation to you for the interest you have taken in Mrs. Gillet's case, and for the valuable medical help I believe you have been to her. I still believe that you, under God, were the means of arresting steadily advancing consumption, when I applied to you for her, in 1860. The reviving symptoms of former difficulties, with new evidences of pulmonary disease, have again been checked by your treatment, taken for two months past, and we are hoping for comparative soundness again.

In the knowledge I have of your method of treating Pulmonary and Chronic Diseases, I have a real pleasure in recommending you to the afflicted. You are at liberty to use this simple contribution in any way you please. Yours truly,

E. S. GILLETT,
Pastor of First M. E. Church.

Cleveland, Ohio, *April 7th*, 1866.

EAST LIBERTY, FAYETTE COUNTY, PA., March 15th, 1866.

DR. J. W. SYKES—*Dear Sir*:—I willingly bear witness to your great skill in treating Lung Disease. I consulted you two years ago, having then been sick four years, and being so much reduced I could scarcely walk across my room. I had coughed four years, much of the time very severely, had raised large amounts of corrupt matter, and spit blood frequently. The upper part of my right breast was con-

siderably sunken in. I had daily hectic fever and chill; suffered much with pain in my chest; was extremely emaciated. In short, several physicians had pronounced my case hopeless.

Your treatment helped me speedily, and has restored me to comfortable health; I can do a good deal of work; expect to visit the city in May, and will call on you.

Yours truly,
MRS. MARY J. GILLELAND.

"GENIUS" OFFICE, UNIONTOWN, PA., October 7th, 1862.

Dr. J. W. SYKES—*Dear Sir*:—Major Alfred Strickler, the Acting Brigade Inspector of this county, and a man of considerable influence, has called at my office to testify to the great benefit he has received from your treatment. He desires to say all the good he can for you. I thought I would inform you that you have so good a friend in this county. The Major lives about six miles north of this town.

Yours, &c., E. G. RODDY.

[Major Strickler had lost his father, mother, and three brothers of consumption, and had been sick many months before consulting me, at which time he was in confirmed consumption. His post office is East Liberty, Fayette county, Pa., where he is still living.]

OAKLAND, ARMSTRONG CO., PA., December 31st, 1862.

DR. SYKES—I think I am doing no more than my duty in making known what you have done for me. When I applied to you in January, 1861, it was thought by others, and I myself believed, that I was in the last stage of consumption. I had used various remedies without benefit; my family physician gave me up; said he could do nothing for me—that I could not live six weeks, remedies brought no relief: swiftly the inexorable distemper was dragging me down to the grave. A distressing cough, hectic fever, chills, pain in left lung, and all the horrible symptoms of consumption were fast doing their work; but I thank God that I went to you. I had not used your medicines a month till I got relief; appetite returned, and rest and strength. Who that has not been so afflicted can realize the joy that hope brings when the sufferer feels that an antidote has broken his disease slowly my constitution built up its shattered fragments. I have not yet recovered my full strength, but now enjoy good health.

That I feel grateful to you and to that higher Power, of which you are the instrument, for the years that are spared to me, God, who knoweth the secrets of every heart is my judge. MISS MAGDALENE ANTHONY.

Dr. Sykes hopes no one will understand him as asserting that *every* case of Consumption gets well under his treatment; on the contrary, in its later stages he can give but little encouragement, but he feels justified in presenting the above evidences that *sometimes* cases apparently hopeless may recover. He would, however, earnestly caution consumptives against delay in securing the right treatment, and assure them that while in its first stage the disease is almost invariably and certainly curable; every week of neglect surely diminishes the prospect of recovery. Dr. Sykes always informs his patients of their real condition, however unfavorable it may be.

Cases of Asthma and Bronchitis

PITTSBURGH, PA., No. 204 LIBERTY ST., March 16th, 1866.

DR. J. W. SYKES—Dear Sir:—In October, 1864 I consulted you for severe Asthma and Bronchitis, which I had from my childhood. The Phthisic was so severe at times that I could only get my breath at night by sitting up, having windows and doors opened. I was also much troubled with Dyspepsia. Three months before consulting you, I was so much reduced that my family physician said I could not live six months. As I am of a consumptive family, and was so much reduced you did not speak very confidently of my recovery, but thought I might be benefitted and my life prolonged—I placed myself under your care, and improved rapidly till my health was entirely restored, and I have since remained entirely well of my old ailments, and in good health every way. Yours respectfully,

MRS. MARY L. M'CANDLESS.

WHITE ASH P. O., ALLEGHENY CO., PA., September 12, 1864.

DR. J. W. SYKES, Dear Sir:—I have long felt it my duty to acknowledge the remarkable manner in which my health has been restored by your treatment, and will defer it no longer.

I consulted you in the fall of 1858, being then extremely reduced by severe Asthma and Bronchitis. I had consulted several Doctors, who not only failed to benefit me, but pronounced me incurable, and said I ought to settle my affairs as I could not live longer than till spring.

I had often to sit in my chair nearly all night with windows raised, and even then could scarcely breathe enough to keep me alive. My cough was very violent, and I raised large amounts of yellow corrupted looking manner. My cough was often so violent as to cause me to vomit up my food.

I adopted your treatment, and in four weeks was able to go to Louisville on a coal boat, and do full days' work. In two or three months I had gained, at least, thirty-five pounds, and since that time have enjoyed good health.

WM. SPROUL.

OSHKOSH, WIS., Dec. 15, 1862.

DR. J. W. SYKES, Dear Sir:—I was under your care in December, 1855. I have never had an attack of Asthma since using your remedies. My health is now first rate—never felt better.

Yours truly, THOS. B. DUNCAN.

PROSPECT, Butler Co., Pa., Dec. 18, 1862.

DR. SYKES, Dear Sir—I consulted you in October, 1860, for a severe cough which had troubled me for about a year, and had been very severe for about six months. I was greatly reduced in strength, was raising thick yellow matter, had night sweats, and night fever. You said I had severe Bronchitis, but gave me much encouragement of recovery. This was better than I had expected to hear, and I adopted your treatment, and the result is a speedy restoration of health, which remains good. My chest was expanded two inches, and my weight, which was only 113 pounds, has been increased to 145. I can confidentially recommend invalids to adopt your treatment.

Truly yours,

SIMON STICKLE, Jr.

☞Mr. Stickle still resides as above.

ORLESTOWN, Trumbull Co, Ohio, March 3, 1863.

DR. SYKES, Dear Sir:—I drop you a line to say that my wife is well, and getting stout and fleshy and I feel very grateful for the improvement that has been made in her health by your system of treatment and our care in following its directions.

She has gained in weight from 103 pounds to 122, and gained several inches in the girth of her chest. She is improved in every respect and is now doing her work. Yours truly,

A. P. TAYLOR.

FROM REV. G. W. RICHMOND, OF PARKERSBURG, WEST VIRGINIA.

DR. SYKES—*Dear Sir*:—I write to inquire whether you think you could do anything for my wife. Under the blessing of God I owe to you my present health, and I think my life. I have such unbounded confidence in your skill in all pulmonary affections, that I thought you might give relief in my wife's case also—(the statement of his wife's case omitted here.)

Truly yours, G. W. RICHMOND.

Parkersburg, W. Va., *Feb. 2*, 1866.

Cases of Heart Disease.

MT. MORRIS, Greene Co., Pa., July 31, 1862.

DR. SYKES, Dear Sir:—I have improved very fast during the last month. have gained eleven pounds. I have had no palpitation for almost three months. The neighbors say I look like another person. I feel so much better. Respectfully yours,

MRS. MARY A. HEADLEE.

Mrs. Headlee had been afflicted for months with the most violent palpitation of the heart, occurring in paroxysms lasting two or three hours. She also had a pain about the heart, and often symptoms of organic disease of the heart.

CLARKSBURG, Harrison Co., Va., Jan. 9, 1863.

DR. J. W. SYKES, Dear Sir:—I wish in gratitude to testify to the cure you have effected in my case. I was afflicted with an organic disease of the heart for at least five years, together with other distressing ailments. My trouble first began with slight palpitation when walking fast, or up hill, or stairs. I had much sharp pain about my heart, and much soreness there. At times my heart would stop beating for several seconds, and then palpitate with exceeding violence, and my breath would seem entirely cut off. My head was badly affected with pain, partial crookedness, dimness of vision, &c. In addition to these troubles I had a bad skin disease for several years. When I consulted you I felt that I had not long to live, but I am happy to be able to say that from the day I began your treatment I began to improve, and have been rapidly recovering ever since, and for many weeks past I have felt as well as ever I did in my life.

Yours with the warmest regard,

JOHN H. FOUST.

WEST NORTHFIELD, Cook Co., Ill., March 2, '65.

DR. J. W. SYKES, Dear Sir:—I am happy to inform you that your treatment has effected in my case all and more than all you promised or I had hoped. The palpitation of the heart is gone, and the action is now regular. My appetite is natural, bowels regular, and that terrible distress in the head has ceased entirely. I feel as if I had a new head.

I had, as you will remember, been sick about a year when I came to you, and unable to do anything. My father had died of disease of the heart, consumption and other diseases.

I have been so well this winter that I have done the most of my own work. The distress and wind at my stomach does not trouble me at all if I am reasonably careful in my diet. I thank you very much for the benefit I have received, and hope you may be equally successful in every case you treat.

Very truly yours, A. W. PEET.

G. M. WOOLSEY, Masontown, Pa., says:—"When I applied to you I was afflicted with disease of the heart eight or nine years. During this time my suffering was greater than I can describe. Many times when I went to bed I felt afraid I should not live till mor ning. I could not speak or read aloud without feeling as if I should faint. I am now entirely recovered."

Dyspeptic and Complicated Cases.

LUNDY'S LANE, ERIE Co., Pa., March 26, 1866.

DR. J. W. SYKES—*Dear Sir:* Having suffered a year and seven months more than tongue can tell, with female complaints, spinal weakness, heart disease, liver complaint and dyspepsia, I became so emaciated that all who knew me or saw me despaired of my life; my friends said my medical aid could never restore me to health again. I was under the treatment of three of the most eminent physicians in the county but they afforded me no permanent relief.

I became so emaciated that I only weighed sixty pounds. It was about this time that I learned through Mrs. E. Hunter, of your skillful practice and immediately wrote to you and received a favorable reply—January 1864—I commenced your treatment and followed it six months. I commenced rapidly to gain, and at the end of the year instead of weighing sixty pounds I weighed one hundred and fifty, and am now enjoying better health than ever in my life before. I write this, deeming it but justice to myself and my preserver to publish to the world what he has done for me, and that should there be any one suffering as I have done, they may immediately apply to Dr. Sykes for aid. Yours respectfully,

MRS. M. M. WRIGHT.

The writer of the following note was one of the worst cases of nervous dyspepsia that it has been Dr. Sykes' fortune to prescribe for. His stomach was evidently inflamed, and its walls thickened. He had great distress after eating, much belching of wind, said his stomach felt dead or paralyzed. His bowels would not act at all without physic—his kidneys equally inactive—his appetite capricious—his back very weak. He complained much of dull, drowsy feeling, and a tired, aching feeling all over." His skin was discolored with brown spots. His ill health was brought on by loss of sleep and excessive application to his duties as telegrapher in Government employ.

MANNINGTON, W. VA., *March 30*, 1866.

DR. J. W. SYKES—*Dear Sir*:—In reply to your request I will say that I am quite willing you should publish an account of my complete cure as effected by your judicious treatment.

In conclusion allow me to thank you for your gift of health, and to say that my health has remained good since restored by your treatment. Gratefully yours,

J. W. FREELAND.

Chronic Diarrhea.

PORTERSVILLE, Butler Co., Pa., April 28th, 1866.

DR. J. W. SYKES—Dear Sir: I took the Diarrhea while I was in the army, in May, 1863, which became so bad that I was discharged, and hoped by coming home to doctor I might get well. I employed the best Doctors in this region, but they failed to benefit me; and in August, 1864, when I had been sick almost fifteen months, and was reduced to little more than skin and bones. I consulted you. At that time my bowels were moved very often, especially during the night, and the discharges contained much slime, and sometimes yellow matter. I had much pain across my bowels, and much vomiting; nothing would lay on my stomach. I also had constant thirst and fever, with chills. Your treatment helped me at once, and I am now enjoying excellent health.

I am very grateful for what you have done for me, and remain,

Truly yours, ROBERT MOORE.

Gold, Silver and Coupons bought at highest rates, and Gold Drafts issued on New York.

FINANCE AND TRADE.

TUESDAY, July 3, 1866.

The New York stock and gold rooms adjourned over on Monday till Thursday, and consequently, we are without our usual financial dispatches.

As noted in our last issue, the favorable character of the foreign advices will have a tendency to weaken gold and strengthen our bonds, which are beginning to be regarded as the safest, and as a general thing, most profitable investment a man can make of his money. It is true, there is not the same opportunity afforded to gamble that there is in Railroad, gold or oil stocks, but it is equally true, that if you want to realize you can do so without sacrificing both intarest and principal, as is the case frequently in the stocks referred to.

In our local stock market, there is but little doing. Our money market will probably rule a little easier under the influence of numerous dividend disbursements and in the absence of any speculative feeling. Bank shares are in demand, and held very firmly, and these, next to government bonds, are regarded as among the best securities in the market. Insurance stocks have been in rather bad repute for some time past, owing to heavy losses sustained by recent disastrous conflagrations, though some of these companies are still able to make dividends. Oil shares, as a general thing, are dull and weak, and while there are some meritorious oil companies, there are others that we could name, whose stock is not worth five cents a ream. The "Oil Basin," "Marine" and "Ralston" have out recently declared dividends, and it is expected that the "Columbia" will follow suit this month.

—The following sale of stocks was made this evening at McIlwaine's auction room. The sale was largely attended, and as will be seen below the transactions were large. Allegheny National Bank was withdrawn, $55.75 bid. Second National withdrawn, $116.00 bid. Fourth National offered, no buyers. Monongahela Navigation $62 bid.

The following stocks were sold:

Bank of Pittsburgh	$67	00
" "	66	50
" "	66	25
" "	66	12½
" "	66	00
Connellsville Railroad	10	00

St. Clair street "	45	12½
Mechanic street "	26	50
Pittsburgh Gas Company	75	25
Allegheny co. Compromise Bonds		72½
" " Registered		72½
" " Bounty Bonds		75½

—National Bank currency is very plenty, and in variety if issue exceeds belief. Until something is done to reduce the volume of this currency there can be no return to specie payments. The readiest modes of reducing the currency would be found in offering a special loan in exchange for legal-tenders and compound notes. With $200,000,000 of legal-tenders and compound notes funded there would be forced upon the National system a more conservative policy. Among its first fruits would be the relief from the burdens now embarass the banks in the Atlantic cities. A part of this embarrassment is caused by the refusal of the New York City Banks to make their statements in National notes not redeemable at specified points. The banks have a perfect right to do this, but they make a distinction not appreciated by the mass of the people, and one which cannot be made popular. The merit of the National currency with the people lies in having $100 in United States stocks pay $90 in currency, and nobody thinks of looking to see what Smith or Jones or Brown writes his names President or cashier. The names of these gentlemen are of certain value and locally are of great importance to the gentlemen writing them, but the public honor the bank notes because they are guaranteed by the government and are paid by it when the banks issuing it get into trouble. This currency is good enough to pay balances at the clearing-house, and the sooner it is used the better. When the National Bank Law comes up for amendment, as it will soon, Congress will do well.

FIRST—That before November 1867, every National bank note redeemable in coin at its place of issue, and not redeemable anywhere else.

SECOND—It should oblige the National banks to keep the next three payments in gold upon their bonds now held for circulation as a reserve, upon which to resume in November, 1867.

THIRD—It should make National bank notes legal-tender from bank to bank for other, and between banks and their dealers.

FOURTH—It should prohibit banks from sorting each others' currency and sending it home for redemption, and,

FIFTH—It should, without delay, get into funded debt all the legal-tenders, and leave to the banks the deposits of the National circulation. If the banks are made to understand that in November, 1867, they are to redeem their own circulation, and not continue to do it, there need be no fear of an excess at that time of legal tenders or National. Being redeemable in gold, every dollar of the present $280,000,000 would be kept in use by the natural wants of trade, and perhaps an increase be made necessary.—*N. Y. Tribune.*

—A clergyman, in Indiana, decided to invest in his earnings in a wheat speculation. So he sent an order, by letter, to a merchant in Milwaukee, to buy 10,000 bushels. When he wrote, July 1st, wheat was $1.30, and the letter was received it had gone up to $1.33. The wheat was bought, however, at the last-named price, and the merchant was ordered to "carry" it. When it went up to $1.50, the order was duly finally reaching $1.56, at which price it was sold, leaving a handsome profit for the clerical operator.

—Report says Belmont made over two millions in his gold operations within the last two weeks.

New York Cattle Market.

NEW YORK, July 3.—The market for beef cattle during the past week has been excessively dull; prices receded fully le per pound on all grades and compared with the figures of Monday last week. On yesterday in the market this dullness was sustained and the quality of the cattle generally not quite as good as last week. Still the market was heavy and drooping, remaining so to the close. Prices ranged from 12 to 17c, with a few very choice as high as 18c.

Sheep dull and lower, but recovered at the close, leaving off at 9@9¾c for choice extra.

Lambs are a little firmer and sell as high as 13½c for prime.

Swine steady at 10@10¾c. for live, corn fed and 13 to 13½c. for dressed.

The receipts for the week aggregate 5,946 Beeves, 80 Milch Cows, 1,602 Veal Calves, 17,724 Sheep and Lambs, 13,369 Swine, showing an increase over last week's receipts of 10 Cows, and a decrease of 200 Beeves, 151 Veals, 224 Sheep and Lambs, and 1,110 Swine. Current prices for the week at all the markets are, Beef Cattle first quality, $17@17.50, fair quality $16@17.00; Common quality, $14@15.00; Inferior quality, $12@14.00; Milch Cows, extras, $80@95; First quality, $95@99; Ordinary quality, $80@75; Common quality, $60@65; Inferior quality, $45@50. Veal Calves, First quality, 15@16; Ordinary quality, 13½@14½; Common quality, 10@12½; Inferior quality, 8@9. Sheep and Lambs, extra, 9@9½; First quality, 8@8½; Ordinary quality, 7@8; Inferior quality, $5.50@6.00. Common quality, $4.00@5.50; Inferior quality, $4@4.50. Swine heavy, corn fed per pound, 10½@10¾c light and medium, 10@10½.

The market for Beef Cattle ruled heavy and lower this week, the directions of counteractively heavy receipts. The cattle were of a good average quality, but there were too many of them and prices fell 1@1½c. per. varying as above. Veal fer cattle sold above 16c, though some of the very best went at from 17 @17½c. The bulk of offerings sold at from 15 @16c. Some of the offerings were unsold at the week with a prospect of remaining over. Milch Cows were quiet and nominal at our quotations. Veals were active and the market ruled firmer; prices were substantially the same. Sheep and Lambs were somewhat lower though in good demand. Hogs steady, and in fair demand at about previous prices.

Total receipts of all the kinds of stock for this week and last week were as follows: Beeves, 3,020; Cows, 19; Veal Calves, 464; Sheep and Lambs, 5,570. Browning—Cows, 59; Calves, 196; Sheep and Lambs, 5,502. At O'Briens—Beeves, 53; Cows, 41; Calves, 192; Sheep and Lambs, 7,257. At Chamberlain's—Beeves, 1,771; Sheep and Lambs, 4,900. To butchers direct—Beeves, 69; Veal Calves, 800; Sheep and Lambs, 1,000. Foot of 37th street—swine, 3,369. Total Beeves, 5,745; Cows, 79; Veal Calves, 1,662; Sheep and Lambs, 17,324; Swine, 13,509.

New York Produce Markets.

NEW YORK, July 3—Cotton dull and nominal, at 38@39c. for Middlings uplands. Flour less active and heavy, except for No. 2 and Spring, which command full prices; $7.75@8.30 for Extra State, $8.80@10.35 for Extra R. H. O. and Chicago, and $9.30@15.75 for Trade Brands—the market closing quiet. Whisky quiet, at $2.31 for Western. Wheat very dull and strongly tends downward for most descriptions—good Spring, $2.35 for good new No. 2 Milwaukee, and $2.45 for No. 1 do. Rye steady, at $1.45 for Western. Corn 1@2c better, with a good export demand, at 81@82c for unsound New Mixed Western, and 83@84c for sound do, chiefly at 87½@88c for the latter. Oats opened 1@2c lower, at 59@59½c for New Western, and closed rather more steady. Petroleum firmer, at 24@24½c for Crude; Refined in Bond, at 42c. Pork lower, at $32@32.50 for New Mess, closing at $32.50 cash, $29.50 for Old do, and $26.25 for Prime. Beef steady. Beef Hams dull. Cut Meats firm, at 12¾@13c for Shoulders, and 22@23c for Hams. Lard heavy and drooping, at 19@21½c.

New York Dry Goods Market.

NEW YORK, July 3.—Dry Goods Exchange—Jobbers' Prices.—The market is dull and unchanged. Brown Sheetings—Appleton A, 2¾ do C, 18; do D, 23; do E, 14; Augusta, 21½; do, 17; Bangor, 22; Broadway, 21½. Sheeting and Shirting—Bleached Allegheny, 22; Amoskeag, 27½; do A, 32½; Androscoggin, 22½; Anthony Manufacturing Company, 22½; Bartlett's, 26; Bates, 30½; do do 4/8, 34; 35½. Prints—American, 19½; Amoskeag, 19; Arnold's, 17½; Cochnco, 21; Dunnells, 19½; Empire 17½; Merrimac D, 21 do W, 22. Corset Jeans—Bates, 16; Lacouia, 21½; Naumkeag, 21½@23½; Pepperell, 23¼.

Chicago Market.

CHICAGO, July 2.—Flour quiet. Wheat dull, at $1.33 for No. 1 and $1.14@1.25 for No. 2. Corn active, and advanced 2c; sales at 55¼@57½ for No. 1, and 55@55½ for No. 2. Oats dull at 33¾@34½ for No. 1, and 29@29½ for No. 2. Provisions dull. Freights steady. Receipts 8,000 bbls. flour; 42,000 bush. wheat; 35,000 bushels corn; 71,000 bush. oats. Shipments—6,000 bbls. flour; 62,000 bush. wheat; 175,000 bush. Corn; 53,000 bush. oats.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, July 3, 1866.

The produce markets were very quiet and dull to-day, though this was to be expected for the day preceding the Fourth of July.

GRAIN—Wheat is quiet and nominally unchanged. Corn is in good supply and dull, we continue to quote at 75 to 80, in elevator, for mixed and prime yellow. Sale of 2 cars No. 1 Chicago Oats at 52, sacks included; and 300 bush prime white from store at 60. Barley is reported dull but nominally unchanged. Sales of Rye at $1.10 @1.05.

PROVISIONS—Bacon is firm, with a fair demand at 16¾ to 16½ for Shoulders; 19¾ to 19½ for Ribbed Sides, and 25@25½ for Canvassed Sugar Cured Hams. Lard is dull but unchanged at 22½@23 for steamed and kettle rendered. Small sales of Mess Pork at $33.50@ $33.75.

FLOUR—Is steady, and prices are well sustained, though the market is devoid of any special excitement. Regular sales from store at $10.50 to $11.50 for fair to choice Spring Wheat Family; $12.50 to $13 for Winter Wheat; and $14 to $16 for fancy brands.

MILL FEED—Sale of 1 car prime White Middlings at $24.50; coarse do may be quoted at $1.35@1.40. Sale of 5 tons Shorts at $1.10.

HAY—Is less active and the indications at present point to lower rates. We continue to quote at $20 to $25 per ton, according to quality.

SEEDS—Flaxseed is in demand and sell readily at $2.70@2.75, and the offerings continue very light. No movement in Clover or Timothy.

BUTTER—Is dull but unchanged. Sale of 8 pkgs prime fresh at 24. Good to prime packed Butter may be quoted at 20@22.

EGGS—Dull and lower; sales of fresh packed at 20.

BUCKWHEAT—Continues dull, and as the seeding season is about over, there is little or no demand for the article. Sales in small lots at $2 per bush—a round lot could be had at $1.75 per bush.

CHEESE—Is in good supply and dull; Western Reserve is selling at 13@16.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, July 3, 1866.

CRUDE—The market for Crude was remarkably quiet and dull to-day, and what is worse than all, there are no indications at present of any immediate improvement. We continue to quote at 12¼ to 13 cents, bbls returned and in bulk, and 17@18c, bbls included, according to gravity. Sale of 107 bbls at 12¼, bbls returned, and 1000 bbls to be delivered during the latter part of this month, at 13. Our latest advices from Oil City report crude very dull at that point, and prices nominal at $3.50 to $4 per bbl. In the east, Petroleum continues excessively dull, and the advices by the last steamer have a tendency to still further depress the markets both in Philadelphia and New York.

REFINED—There was but a single transaction reported to-day, 300 bbls light straw to white, to be delivered between the 10th of July and the 10th of September, buyers option, at 35½. For Philadelphia delivery we are cognizant of offers having been made to-day at 40 for August, and 42 for September, and refused; and for this month quotations may be fairly given @38. Free oil is dull and neglected, with a drooping tendency, and we quote nominally at 26@33.

ARRIVALS—There has not been a single arrival of oil by river since our last report. Wade Hampton received 19 bbls by rail from Smith's Ferry, and 150 bbls, from "Slippery Rock," for Wm. Haldeman.

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, July 3, 1866.

CATTLE—The supply of cattle on sale was very limited this week, not exceeding 300 to 350 head, and with a fair local demand and some little inquiry for shipment, the market ruled pretty stiff and last week's prices were fully sustained. Had there been a full average supply on sale, the market would most undoubtedly have been a hard one, as butchers sought rather sparingly, and there were but shippers in attendance. The falling off in the receipts may be attributed to the near approach of the Fourth of July, many of the western dealers remaining at home this week, so as to be able to celebrate the National Holiday with their families. The best fat cattle, such as our first class butchers are accustomed to buying, sold at from 9½ to 9¾, and good grades may be fairly quoted at 8 to 9¼. Common and inferior cattle sold from 6½ down to 8.

SHEEP AND LAMBS—The offerings of sheep were also light this week, so also, was the demand, and the market ruled a little dull, with prices as quoted, as compared with last week, ruled a shade lower. We now quote at 4½ to 5½ cts per pound gross, for fair to prime sheep. Lambs were in good supply and dull, selling at from $4.50 to $5 per head, according to size and condition.

HOGS—The market for this class of stock continues quiet and unchanged. In a small way, fair to good averages may be quoted at 9½ to 10¾ gross.

REPORTED SALES OF CATTLE.

Haas & Kraus sold 32 head of prime Ohio steers, averaging between 1300 and 1400 lbs, to Peter Kleman, at $115 per head; also, sold 20 head of good Ohio Cattle to Brouser, at 8 cts; and retained 10 head at 9 cts.

Kahn sold Peter Kleman 18 head of good Ohio steers at $100 per head; also 20 head of prime steers, 8 Ewart & 6 Hitchcock 1 car small, 4 Rhodes, 10 bxs soap, R Dalzell & co; 25 bxs rags, Godfrey & Clark; 20 bxs cheese, A N Hamer; 3 cars meat, Simick & co; 1 car barley, W H Garrard; 20 bgs buckwheat, Voigt & co; 150 bbls petroleum, W Haldeman.

CLEVELAND AND PITTSBURGH RAILROAD, July 2.—10 cs lard, J Dalzell & Son; 30 bxs candles, S Ewart & co; 12 kegs lard and beef, S Hazelton; 10 bbls bungs, Penna Salt Co; 1 car corn D Waage; 1 car oats, McCullough, Smith & co; 16 bxs cheese, H Riddle; 1 do do, B Hemingson; 15 sks oats, W Bingham; 25 bxs cheese, Arbuckles & co; 46 sks oats, H Hanlon; 25 boxes cheese, Graff & Reiter; 5 cars wheat, 1 car corn, D Wallace; 100 bbls flour, Ripley & co; 3 cars meat, Simick & co,

PITTSBURGH, COLUMBUS AND CINCINNATI R. R. July 2.—10 cs lard, J Dalzell & Son; 1 car hay, T C Jenkins; 1 car corn, McBane & Anjier; 1 do, B Rea jr; 1 car wheat, Liggett & co; 1 car rye, 3 M S Rich; 2 cars wheat, D Wallace; 100 bbls flour, C B Leech, Pittsburgh; 50 do do, J Gardiner & co; 100 do do, Kirkpatrick & Herron; 100 do do, 16 sks wheat, J Hook.

ALLEGHENY STATION, July 3—222 bgs oats, Clancy & co; 100 do do, Beaty & Lothrop; 305 bills paper, Pitts Paper Co; 6 bbls flour, Shultz & Danner; 1 car oats, R Knox & Son; 1 car lumber, C C Boyle; 80 fire tile, J Craig.

RIVER NEWS.

The river is still receding steadily at this point with scant thirty-three inches in the channel by the pier marks last evening. The weather yesterday was cloudy and warm, with slight indications of rain. Business is almost wholly suspended, and what is still worse, there are no indications at present of any immediate improvement.

There has not been a single arrival with the exception of the New State, from Cincinnati. The Kate Putnam, from the same point, is the next boat due, and may possibly arrive to-morrow or next day, though it is probable that she will be delayed by low water.

The Camelia, Capt. Lytle, is filling up steadily for St. Louis and the Upper Mississippi, and will probably be ready to take her departure to-morrow evening.

Capt. Thomas Rogers of the steamer W. H. Osborne, which boat has been plying in the lower trade for a year or more past, is here on a visit to his family.

Steamboating along the Upper Mississippi, in consequence of the decline in prices, and the heavy competition of the Chicago and Milwaukee Railroad, is very dull. Competition is so great above Dubuque, that Chicago and Milwaukee prices are paid for grain, in store, in order to secure the shipment over the La Crosse and Prairie-du-Chien Railroad. It appears to be the determination of the management to destroy, if possible, all lines of steamboats running below Prarie-du-Chien.

The Clifton collided with the Rose Hite Saturday morning at Troy. Both boats whistled for passing, and the Rose Hite commenced rounding to, to land at Troy, when her stern swung around and struck the Clifton forward of her wheel, smashing in her wheel house and injuring her wheel. The wheel of the Rose Hite was broken in two pieces, one of her timbers and two of her flanges were broken, rendering her entirely helpless. The Clifton took her passengers and the Tarascon will tow her back to Louisville. The Clifton way lying at Troy, repairing damages, when the Curlew left. No person injured.—*Cincinnati Gazette.*

SOLD.—Capt. Pink Varble sold the Fannie Brandeis yesterday, to Capt. Hughes, of Nashville, for $12,000—half cash, the other on short time. She will leave next Saturday for Nashville, and run thereafter from Nashville to Paducah, as a regular packet, during low water. She is a good boat, and was originally built by Messrs. Brandies & Crawford, of this city.—*Louisville Democrat.*

THE NEW

Spring and Summer Medicine.

FLUID EXTRACT

SARSAPARILLA,

COMBINED WITH

Iodide of Lime,

PREPARED FOR

G. W. PETTES, BOSTON,

BY

James R. Nichols & Co.,

MANUFACTURING CHEMISTS,

MANUFACTURERS OF THE

ELIXIR PERUVIAN BARK

WITH

Protoxide of Iron,

Which has become so favorably known as a

Tonic and Restorative,

By Physicians and Invalids in all parts of the country.

The new preparation, "SARSAPARILLA IN COMBINATION WITH IODIDE OF LIME," presents one of the most prompt alterative agents in a form capable of exerting full action upon the system, and this in much more pleasant dose, it is conceded that the alterative, resolvent, or tonic effects of Iodine, are exerted most decidedly when associated with other alteratives, in combination; and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.

The first effect usually observed when "SARSAPARILLA AND IODIDE OF LIME" is taken, is an increase of appetite, showing that it has the properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Hale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.

It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficiency of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, is encountered. In White Swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.

In the Spring of the Year, and during the Warm Weather,

The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is more adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME."

No preparation like it, or which approximates to it, is an

Alterative, or Blood Purifier,

but ever before been placed within the reach of mankind. Indeed, it is an entirely NEW and SCIENTIFIC combination, in no respect resembling anything hitherto employed.

The opinion of medical men concerning it, the description of its chemical character, therapeutic value, manner of use, &c., are given in a circular which can be had at the store of any and all practicing druggists.

For sale in Pittsburgh by R. E. SELLERS & CO., AND ALL DRUGGISTS.

SAVE THYSELF.

A CURE FOR INTEMPERANCE.

Dr. S. Cutter's Celebrated Stomach Bitters.

The greatest Nervine ever discovered. The addition, within the last ten years, of Dr. Cutter's Nervine Discovery to the English Bitters, makes it a perfect antidote to intemperance. Previous to his discovery of the Nervine, this medicine was only the English pubic, celebrated as a Tonic and Alterative, in diseases of the Stomach and of the Bowels, and diseases arising from impurities of the blood. As a nervine is always the choice of the Stomach, in all persons addicted to the use of stimulants and narcotics, such as alcohol and, malt liquors, opium, morphine, arsenic, tobacco, &c., it removes the morbid appetite, or craving of the nervous system, which is the cause of Headache, Neuralgia, and all nervous diseases. It has no equal as a Nervine.

Ten years use of the improved English Bitters in St. Bartholomew's Hospital, St. Mary's Hospital, Newgate and other prisons, has established its reputation, as a cure for Intemperance, beyond all question. The present deliveries on old contracts, but no new ones can now be made by buyers at the old rates. On every hand there is a firmer feeling. Dealers have not yet caught up with orders, but they will probably do so in the course of the next two weeks, provided the anticipations of a full are realized.

Shingles have advanced 25c.—[Post.

IMPORTS BY RAILROAD.

VALUABLE

COAL MINES FOR SALE.

The valuable coal mines owned by the Southern Coal Mining Company, situated in Shelby county, Ala., twelve miles northeast of Montevallo, and one a half miles from the North and South Railroad (now in running order to this point), and one-quarter of a mile from the Branch Road to the Red Mountain Coal Mines, are offered for sale.

These mines have been in successful operation for some years, are situated in the heart of the mineral region of the State, Shelby county being only six miles by rail from Selma, from whence there is water transportation to the Gulf.

There is not in the United States a better opportunity for a safe and profitable investment in the Coal business.

TERMS OF SALE:

One half cash, and the balance at the expiration of six months, without interest; or, one-sixth cash, and the balance in equal monthly payments, without interest.

G. M. McCONNICO,

jy21:s84 Assignee of R. O. Edwards.
